

SASOL

SUPPLY CHAIN POLICY

At Sasol, we strive for excellence in the sustainable supply and delivery of goods, services and products to maximise value for our organisation and our customers. We actively focus on building robust, mutually beneficial partnerships with our supply chain stakeholders, by ensuring that we understand, translate and proactively deliver on requirements, on time and at the required quality and price. Sound principles and governance processes underpin our integrated approach, ensuring that we uphold Sasol's shared values, act ethically in all that we do and honour our commercial commitments.

OUR GOALS

- Secure supply for Sasol while minimising Sasol's risk in the market.
- Deliver goods and services, of the appropriate quality, on time, in full, at the best total cost of ownership for Sasol.
- Deliver products to our customers according to their agreed needs.
- We manage and respond proactively to supply chain and safety, health and environmental risks, ensuring a safe and productive workforce. We minimise our impact on the environment and the communities where we operate.
- We continuously improve our supply chains through the use of integrated technology solutions and the automation of processes.
- We apply sound business principles in selecting suppliers.
- We develop regional and local suppliers through our enterprise development programme to drive economic and social change in the communities where we operate.
- We constantly build and maintain competitive and sustainable supply chain.
- Knowledge sharing, learning and communication are critical to how we operate.

OUR SUPPLY CHAIN PRINCIPLES

- Sasol's shared values inform our behaviour and establish how we, as employees of Sasol, work with and treat each other, our customers and suppliers.
- We act ethically and respect our stakeholders.
- We comply with all applicable legislation and regulations.
- We honour our commercial commitments and act responsibly within a framework of sound corporate governance. Our business processes ensure transparent accountability and appropriate segregation of duties.
- We continuously develop competent and engaged supply chain employees.
- We respond to specific demand needs based on insights into business requirements and commodity trends.

OUR EXPECTATIONS OF SUPPLIERS

- Uphold fundamental human rights and fair labour practices.
- Act ethically and comply with all applicable laws and regulations.
- Proactively manage safety, health and environmental risks.
- Comply with agreed commercial commitments.
