2 Application and Authority

- 2.1 The intended purpose of this “Supplier IR Procedure” is to set out basic principles and minimum requirements which will regulate and govern the expected level, nature and standard of conduct between Sasol and the Supplier, the Suppliers and their Employees, the Suppliers and the Suppliers’ Contractors, as well as between their Employees respectively, in their conduct and management of IR on Sasol Sites.
- 2.2 This Supplier IR Procedure is applicable to all Suppliers (Employers), Supplier’s Contractors and Employees working on or performing the work on any Sasol Site within South Africa.
- 2.3 To manage the IR between the Supplier and its employees as well as the supplier and the Suppliers’ Contractors, the Supplier must adopt and apply policies and procedures that are in line with the procedures, policies, codes, principles and values generally applicable to the Sasol Site or between Sasol and its Employees. The Supplier has an obligation to ensure that the Suppliers’ Contractors, Employees, Seconded Labour Employees, and TES engaged by it, comply accordingly.
- 2.4 Every Project or Shutdown needs to adhere to and / or / give effect to the principles contained in this Sasol Group Supplier IR Procedure. It is expected that the project IR work instruction should be directly in line with the specific scope and / or type of work, and or in line with the specific industry agreement. Supplier and Sasol Project Managers should approach IRM IR who will advise on a project specific IR work instruction to address project / geographical area specific IR requirement in order to mitigate risks.
- 2.5 Projects should approach IRM IR to advise on a project specific IR work instruction, to address project / geographical area specific IR requirements, in order to mitigate risks.
- 2.6 Only after consultation and approval by IRM IR may any other Sasol IR work instruction be implemented in support of the principles of this document, on a Sasol Site.
- 2.7 IRM IR is mandated by Sasol to co-ordinate the Suppliers’ IR Policies, practices and procedures at any stage, whilst the Supplier is mobilised onto a Sasol Site. IRM IR shall have the right to audit the Supplier IR practices at any reasonable time.
- 2.8 Sasol shall not be liable for Employer-Employee matters and disputes arising from the relationship between the Supplier and its Employees, and / or between the Supplier’s Contractors (including TES) and their Employees. Accordingly, the Suppliers and / or the Suppliers’ Contractors, including TES (Labour Brokers), shall respectively indemnify Sasol should Sasol be held liable for any conduct arising from the employment relationship between them and their respective Employees.
- 2.9 It is the responsibility of each Supplier to appoint the services of its own IR Manager (IRM). The responsible person shall ensure the efficient regulation and communication of procedures governing this Supplier IR Procedure and all other legal requirements to the Suppliers’ workforce.

8.2.9 The Supplier IR team should engage daily with all their Suppliers' Contractors and Employees on Site in order to proactively identify and address all employee concerns, grievances in order to maintain Site labour harmony.

8.2.10 Potential IR risks need to be communicated immediately with IRM IR in order to mitigate spill over to other Supplier Employees or Suppliers' Contractors.

8.2.11 The Supplier IR Manager is accountable to ensure compliance with the required action and Supplier declaration in terms of the appointment of a Suppliers' Contractors.

8.2.12 Supplier IR Manager is accountable to roll out and enforce the principles of the Supplier IR Procedure on any Supplier or Suppliers' Contractors appointed to oversee compliance thereof.

9 Pre-mobilisation reports

Suppliers shall be required to submit a pre-mobilisation report to IRM IR in the required format prior to mobilisation of its employees and / or Suppliers' Contractors Employees on Sasol Site.

10 IR Reports

10.1 Suppliers are required to submit IR reports in the prescribed format to the IRM IR office. This report must include an incident report in which issues such as grievances, disciplinary matters, Employee representative meetings and potential IR risks and or any other IR related matter that may have a Site wide influence.

10.2 Frequency of reports will be communicated by the Site or project IRM IR.

10.3 The Supplier's Management is accountable for validating the integrity of the information submitted on the reports.

11 Industrial Action Reports

In the event of any form of Industrial Action, the Suppliers shall notify IRM IR immediately upon receiving notification thereof (within 30 minutes) from the commencement of any Industrial Action. The Supplier must also submit an Industrial Action Incident Report within 48 hours post the incident, according to the prescribed format.

12 Employee Representative Forums (ERF)

12.1 An Employee representative forum or similar structure must be established by Suppliers to address IR matters and non-substantive issues of concerns within its own structures and those of its Contractors on the Sasol Site.

Document number:	Revision Number:	Page number:
SCSS-IRM-000001	02	11 of 22

- 12.2** These forums need to take place at least on a monthly basis.
- Minutes of the meeting must be kept and made available at the request of IRM IR.
 - Agenda points and any grievances, requests and risks discussed and/or identified must be reported via the IR report.
- 12.3** The Supplier IR Managers or responsible persons must ensure that these forums are effective and functional to deal proactively with all Employee related matters, concerns and issues.

13 Access for Union Officials

- 13.1** Suppliers who wish to bring union officials on Site, need to comply with the Sasol IRM and Sasol Security requirements and application process
- 13.2** Suppliers and their recognised union officials are required to engage at the Suppliers' off- Site offices with the local municipal area.
- 13.3** Meetings between unions and their members shall take place outside the Sasol premises.
- 13.4** An application to mobilise Union officials onto the Sasol Site must be submitted to IRM IR by the relevant Supplier, at least 48 hours prior to the intended meeting. IRM IR as well as Sasol Security will evaluate the Suppliers' application, taking Site wide risks into consideration, thereafter providing formal feedback to the Supplier.

14 Mass Meetings on Site

- 14.1** Suppliers who wish to communicate with their Employees and Suppliers' Contractors in groups may do so provided the gathered group of employees does not exceed a number of 50 Employees in one (1) session.
- 14.2** Suppliers who wish address large numbers of Employees in excess of fifty 50, should do so at their off-Site offices or designated off Site venues within the local municipal area.
- 14.3** Suppliers, who wish to address a mass of Employees larger than 50, must obtain prior written permission, 48 hours in advance, from IRM IR who will liaise with the relevant Sasol Security Management, thereafter formal feedback will be given to the Supplier.

15 Maximum working hours & Exemptions

- 15.1** Employees below the BCEA threshold may not work more than 144 hours within two (2) weeks, on the Sasol Site, without a rest period of at least 60 consecutive hours.
- 15.2** Overtime beyond 10 hours per week always requires approved exemptions.
- 15.3** No Employee below the BCEA threshold, working for any Supplier or Suppliers' Contractor, may work more than:
- 12 hours per day
 - 72 hours per week without a 36 hours consecutive rest period and / or

- 144 hours within 2 weeks without a 60-hour consecutive rest period.

15.4 The other conditions as set out in the BCEA, Chapter 2, and the Code of Good Practice on the arrangement of working time need to be complied with.

15.5 Suppliers remain accountable to manage their Employee rest periods between shifts, Shutdowns, and smaller turn-around to ensure long term compliance.

15.6 Suppliers may only in extreme circumstances approach the Sasol IRM office with a specific motivation to work less favourable conditions as stipulated and only once exemptions have been granted by the DOL.

16 Rates and benefits

16.1 Suppliers and Suppliers' Contractors shall comply with the minimum rates, benefits and deductions prescribed in their specific sector or industry.

16.2 Suppliers and Suppliers' Contractors shall comply with their specific industry / section main agreement, Sectorial determination, collective agreements or the National Minimum Wage.

16.3 Suppliers are encouraged to pay market related and competitive rates to their Employees to mitigate industrial action and maintain Site wide labour harmony and shall strictly comply with any statutory minimum wage as determined and promulgated from time to time.

16.4 IRM strongly recommend that no bonuses, allowances and or any free benefit should be paid or issued to Employees as this creates a possible Site wide IR risk. Exceptions need to be reported to and approved by IRM IR post the evaluation of an in-depth IR risk assessment.

16.5 Suppliers who prefer to pay package rates during Shutdowns and shorter projects less than 6 weeks, in terms of the MEIBC Main Agreement, need to submit their approved exemptions proactively to IRM IR.

16.6 Outside Shutdowns and projects with durations beyond 6 weeks, Industrial Rates should be paid to Employees.

16.7 Rate discrepancies are normally amongst the primary reasons for labour grievances and industrial actions and thus every Supplier is accountable to manage their Employee expectations.

16.8 Suppliers may not engage in on-Site rate negotiations with Employees post mobilization.

16.9 Suppliers may not negotiate with any Unions or Union members on Sasol Sites. Such activities shall take place at their off-Site offices, unless pre-approved by Sasol IRM IR.

17 Pre-mobilisation Medicals

17.1 All Supplier Employees and Suppliers' Contractors entering the Sasol Site must be in possession of a medical surveillance record as per the Sasol Medical surveillance requirements. Failure to provide such records shall lead to the Employees in question being denied access to Sasol Sites until the appropriate medical surveillance record is provided.

17.2 Valid periodic medical examinations will also be accepted for the Shutdown.

17.3 Supplier and Suppliers' Contractor Employees will be required to undergo a medical examination at one of the approved External Service Providers approved by Sasol.

18 Recruitment, Employment & Sub-contracting and or Labour Supply Agents

18.1 The Supplier is accountable for all their own Employees who are mobilised onto a Sasol Site, and their employees mobilised to Sasol sites by their Suppliers' Contractors.

- The Sasol General Terms and Conditions stipulates that the Supplier should declare and obtain pre-approval from Sasol for all the Suppliers' Contractors and labour supply contractors they intend to mobilise onto a Sasol Site. The Supplier should conduct frequent audits to ensure legal compliance by their Contractors.

18.2 The Suppliers and their Site agents accept full responsibility for their job applicants and must adhere to the following recruitment requirements:

- Recruitment may only take place at the local Department of Employment and Labour (DOL) offices or at the Supplier / TES offices.
- No recruitment may take place on street corners and/or non-designated areas.
- No recruitment may be carried out on or in the immediate vicinity of a security control point or inside the Sasol Site.
- No applicant may move about on the Sasol Site without the direct supervision of a Site agent.
- Unsuccessful applicants must be escorted from Sasol Site by the Supplier site agent.

18.3 Nothing in this Supplier IR Procedure will exonerate the Supplier and the Suppliers' Contractor from the responsibility to manage and conduct its IR effectively.

18.4 Suppliers and Suppliers' Contractors should take note of the requirements related to recruitment as reflected in Sections 19, 20, 21 and 32 of this Supplier IR procedure.

19 Preferential Recruitment Practices

The following preferential recruitment and appointment practices must be applied by Suppliers and Suppliers' Contractors:

19.1 Recruitment and appointment preference need to be given to local people who normally reside within the local municipal area closest to the relevant Sasol site.

19.2 A minimum of 80% additional general workers up to semi-skilled workers need to be recruited from the local citizens residing within the local municipal area or as per project or site IR work instruction.

- Suppliers are expected to keep and maintain records of due diligence conducted in order to establish and confirm whether individuals recruited are local or non-local.

19.3 Only after all available competent resources residing within the local municipal area have been exhausted may Suppliers and Suppliers' Contractors extend their recruitment to the rest of the relevant Province and South Africa, provided permission is obtained from IRM IR.

19.4 To address local recruitment, Suppliers and Suppliers' Contractors are required to register at the local DOL on their ESSA (Employment Service South Africa) system to register opportunities. Suppliers should confirm placements to DOL as per their requirements.

20 Other Country Nationals (OCN)

- 20.1 Only in exceptional cases may Suppliers recruit foreign labour, provided permission is obtained from IRM IR. Before permitting such employment on a Sasol Site the Supplier will have to prove to IRM IR that its efforts to source such skill in South Africa were unsuccessful.
- 20.2 The Sasol “Application procedure to mobilise OCN’s to the Sasol Site” is a prerequisite and approval on the intent to mobilise OCN’s is required from Sasol IRM IR.
- 20.3 No OCN may enter Sasol premises to work without a valid work permit.
- 20.4 Note should be taken of the frequently updated information from IRM IR pertaining to OCN work permits.
- 20.5 Rates: The money-in-pocket rates of foreign labour must at least be equal rand value to their South African counterparts, per Supplier/Contractor.
- 20.6 OCN accommodation: Suppliers who employ and mobilise foreign labour (OCN’s) must provide these Employees with accommodation that complies with the Sasol minimum requirements for OCN accommodation (Sasol Minimum Requirements for Accommodation of other Country Nationals is obtainable from Integrated Resource Management).
- 20.7 Suppliers remain accountable to manage the behaviour of the OCN’s they mobilise to South Africa and Sasol.
- 20.8 Suppliers are accountable to ensure that they repatriate all OCN’s that they mobilised to SA post completion of the work, in compliance with the specific work permits.

21 Uncontrolled Labour Movement Demobilisation

Employees shall not be allowed to rotate in an uncontrolled manner between Suppliers and/or Suppliers’ Contractors (job hopping). The intention of this requirement is to facilitate an orderly process where Supplier Employees’ transfer from one Employer to another.

- 21.1 This will prevent:

Suppliers, Suppliers’ Contractors, Recruitment Agents, Site Agents or Labour Brokers to “poach/ tout” personnel from other employers by means of financial inducement, other incentives or upon any other basis in an attempt to secure their services;

- Employees entering the Sasol Site for the purpose to seek “better”/other employment and demanding higher rates and benefits during the Shutdown;
- The creation of artificial higher demands on manpower, rates and/or benefits; and
- Potential Industrial Action.

- 21.2 Suppliers and Suppliers’ Contractors should have an internal demobilisation procedure that is consistently applied by all their management.
- 21.3 Suppliers and Suppliers’ Contractors are required to issue Employees with a notice period as specified in the relevant Employment contract or the BCEA (as legally required), before demobilisation.
- 21.4 Suppliers and Suppliers’ Contractors must ensure that all demobilised Employees receive their full wages on or before the next pay cycle period.

- 21.5** Upon official demobilisation of Employees Suppliers and Suppliers' Contractors will be required to:
- a) Confirm the successful completion of the demobilisation process with the Sasol Permit office when the permits are returned.
 - b) A declaration by the Supplier/Suppliers' Contractor confirming having paid over all monies due for Pension/Provident, COIDA, UIF and SARS etc. must be submitted to the IRM offices after each demobilisation.
 - c) Each demobilised Employee must be supplied with a copy of:
 - Notice of Demobilisation.
 - Signed off Demobilisation form.
 - Service Certificate.
 - UI-19 Form.
- 21.6** If the Site agent or Employee cannot supply the Sasol Security Permit Office, with proof of a successful previous demobilisation, the Employee's permit will not be "discharged" i.e. opened to re-enter the Site and the last Supplier will remain accountable for the Employee.
- The confirmation of successful demobilisation will allow Employees to re-enter the Site with a new Supplier or Suppliers' Contractor.
 - No Supplier or Suppliers' Contractor may refuse to demobilise and return an Employee's Sasol access card post end of contract (EOC) without a valid or substantiated reason.
 - The above clauses should be part of the Employees' terms and conditions of employment and or induction process to ensure awareness before commencement of work on the Sasol Site.
 - Suppliers are advised to make use of a demobilisation checklist to ensure effective completion and compliance per Employee.
 - To support the preferential recruitment and appointment of local citizens, Suppliers and Suppliers' Contractors should supply the local DOL Recruitment Centre with the details of all their local demobilised Employees.

22 Employee Induction

22.1 The Supplier and/or Suppliers' Contractor shall make allowance for the initial induction and training of each of its Employees with regards to IR, Health Safety and Environment, Security and orientation in terms of the operational requirements of Sasol. This period is deemed to be included in the contract price for each Supplier as set out in its Agreement. Valid safety induction is a pre-requisite for the permit process of Employees.

22.2 Supplier IR Induction

The Suppliers workforce must attend an internal IR Induction.

- a) This is to ensure that all Employees are familiar with and understand their conditions of employment as well as the various IR processes prior to mobilisation to Site. Suppliers should maintain an attendance register that stipulate the topics covered during the induction.
- b) All Supplier Employees are required to sign contracts of employment before being permitted to commence work on a Sasol Site.

- c) Terms and conditions of employment observed for all the Employees and the IR practices implemented by the Supplier shall substantively and procedurally be compatible with the statutory regulations to each industry concerned, the collective bargaining agreements and in accordance with sound IR practices.

23 Sasol Security Personnel Identification Card / Permit

- 23.1 Suppliers should take note of the Sasol security identification card processes and procedures.
- 23.2 Suppliers and Suppliers' Contractors should adhere to the Security and Road Traffic Services access control requirements.
- 23.3 Sasol reserves the right to grant, refuse and/or withdraw access onto Sasol Sites.

24 Site Security Requirements

- 24.1 Suppliers are required to take note of and adhere to the Sasol Site security requirements.
- 24.2 Suppliers should take note that certain Sasol Sites are declared as National Key Points with specific related legal and security requirements and should familiarise it with these requirements.
- 24.3 All Suppliers and Suppliers' Contractors are to ensure that their Employees who enter the Sasol Site are aware of Sasol's zero tolerance policy regarding alcohol and drugs. Each Sasol Site reserves its rights to monitor and test and/or search any person entering and/or on its premises, in any manner it deems fit, subject to procedures laid down in the relevant policies.

25 Accommodation

Based on the Supplier specific Industry, related collective agreements, Sectoral Determinations, Commercial Contracts and / or Employment Contracts, Suppliers and Suppliers' Contractors should provide, where applicable, for accommodation, meals and transport for the non-local Employees they mobilise.

Suppliers and Suppliers' Contractors should pro-actively manage their accommodation related suppliers to ensure that sound IR is maintained.

26 Personal Protective Equipment (PPE)

- 26.1 Refer to Site-specific arrangements, works instructions and commercial contracts with Sasol and Suppliers.
- 26.2 Cost of standard PPE may not be deducted from Employees' salaries.
- 26.3 Suppliers shall take note of the Sasol Site SHE requirements and should ensure adherence to it by all their Employees. (Refer to the relevant Sasol Safety website.)

27 Tools Arrangements

- 27.1 Suppliers and Suppliers' Contractors shall ensure that their Employees declare all private tools brought on Sasol Site, in order to have such tools verified and signed for by the Site security and such Employees' supervisor.

- 27.2** The Supplier and Suppliers' Contractor and their respective Employees should ensure that all tools are kept in secure areas when not in use.
- 27.3** The Supplier and Suppliers' Contractor shall ensure that its Employees accept responsibility for the safe and efficient use of the Supplier tools, equipment and property, and will ensure that no abuse, loss or negligent damage takes place.
- 27.4** It is required that the rules of natural justice (*audi alteram partem*) prevail during the Supplier disciplinary inquiries and investigations pertaining any misuse, abuse or negligent damage or loss of company property.
- 27.5** Suppliers should ensure that they obtain a legal exemption from the company's relevant bargaining council, as well as written consent from the relevant Employee, before deducting any monies from the Employees for any loss suffered by the Supplier.

28 Supplier Employee Facilities on Site

- 28.1** Suppliers are expected to provide and maintain facilities for their Employees at their workplace.
- 28.2** At all-time facilities must comply with Occupational Health and Safety Regulation. When shifts are worked, cleaning and maintenance should be done on a 24 hours basis, including night shifts.
- 28.3** The contact details of the Supplier and the responsible person for the facilities should be clearly visible/ indicated on all these facilities.
- 28.4** Suppliers should use the occupational hygiene checklist for facilities (ablution, change rooms and eating facilities) to ensure compliance with minimum standards.

29 Safety on Site

- 29.1** Suppliers and Suppliers' Contractors should take note of and ensure compliance to all the relevant Sasol SHE requirements.
- 29.2** Suppliers must refer to:
- The Sasol standard commercial agreements (terms and conditions).
 - The Suppliers safety management standards and the Suppliers safety grading with Sasol.
 - Suppliers SHE Specifications.
- 29.3** In the event that a Supplier and /or any of their Employees contravene any of the Sasol Life Saving rules and or Site safety rules, Sasol reserves the right to take appropriate measures to ensure that such behaviour is mitigated to Sasol's satisfaction. (Refer to the Sasol Access Review committee and the withdrawal of access to a Sasol Site.)

protest action, picketing, stay-away, lock-out or partial or complete refusal to work overtime, whether voluntary or compulsory.

30.2 Suppliers are required to have an Industrial Action Contingency Plan in place prior to commencing with work on Site. The plan must include the contact details of each Supplier's appointed IR manager and most senior responsible manager.

30.3 Suppliers are required to ensure that picketing takes place at their designated offices in the local municipal area, and not on the Sasol Site. Note should be taken that the majority of the Sasol Sites are declared as National Key Points, under the National Key Point Act 102 of 1985.

- a) It is expected that Suppliers agree on the Picketing Rules in advance before a strike commence.
- b) A copy of the picket rules must be supplied to Sasol IRM IR immediately upon the union/s notifying the Employer of its intent to call out a strike. If the Strike will take place at the Employers office within the local municipal area and no picket rules being agreed to, "Picket Rules" shall mean the picket rules as promulgated from time to time by the CCMA or any Code of Conduct regulating picketing.
- c) When there is a possibility that a Supplier strike may occurred close or on a Sasol Site, the Supplier should observe the Sasol IRM IR guideline on picketing rules to ensure that the Safety and Security at the Sasol National Key Point is mitigated. In these cases, the Supplier and Suppliers' Contractors should proactively consult IRM IR.

30.4 In the event of Suppliers Employees embarking on Industrial Action, whether procedural or non-procedural, reference to the IRM IR Industrial Action Handling Procedure must immediately be made available as it deals with the following:

- Prevention actions
- Sasol Strike Management philosophy
- Reporting of industrial action to IRM IR within 30 minutes of commencement
- Role and function of Industrial Action committee
- Prior approval of all communication by IRM IR
- Suppliers maximum resolution time period on the Sasol Site of 24 hours
- Sasol standard Picketing Rules and Pro forma Picketing agreement
- Individuals who incited or took part and or were dismissed due to unprotected industrial action on a Sasol Site will be regarded as a high-risk Employee whose access to Site will be restricted.

31 Mitigation of Sasol risks and withdrawal of access to a Sasol Site

31.1 Sasol and all Suppliers and Suppliers' Contractors need to have contingency actions in place to protect the Sasol Site from any potential Industrial Action and any other Employee behaviour related risk to Sasol.

31.2 These actions need to include but are not limited to the following:

- a) Proper HR management practices that include effective communication with the work force.
- b) Pro-active measures to identify and address potential reasons for Employee grievances and or industrial action.
- c) Suppliers and Suppliers' Contractors should have effective recruitment practices that include due diligence in the verification of Employee's competence, previous job history, performance and misconduct record.
- d) The Supplier and the Suppliers' Contractor should institute disciplinary action against any Employee should there be reason to believe that the Employee:
 - Has acted in contravention of the Supplier IR Procedure, disciplinary procedure and or any Site related rules and or procedures.
 - Instigated or participated in an unprotected industrial action, intimidation or violence.
 - Acted in breach of his Employment Contract or any statutory wage regulatory instrument.
 - Contravened Sasol safety regulations.
 - Contravened Sasol security and or road safety regulations.
 - Conducted any criminal related activities.
 - Employees dismissed by Suppliers or Suppliers' Contractors due to their involvement in unprotected industrial action, or other serious misconduct, will not automatically be allowed future access to the Sasol Site.
 - Suppliers should inform Sasol of all dismissed Employees, who pose a potential IR/safety and other risk by submitting substantial information to the Sasol IRM IR office.
 - The Sasol designated IRM IR manager will exercise the discretion, after consultation with Sasol Legal department, based on the information at hand to flag the individual as a potential future Sasol risk or not.
 - The implication of such a decision maybe that the individual will not gain future access to a Sasol Site.
 - The access of Employees who pose IR risks will be restricted for an undefined period of time based on the circumstances of each case.
 - Individuals whose access has been restricted to the Site, may refer an enquiry to the Site access review committee that implemented the said restriction.
 - If and when the restriction is lifted, the signing of the acknowledgement of the Sasol Site rules will be a pre-requisite for the individual to obtain access to the Sasol Site.

31.3 Should any Employee, for any reason whatsoever, be employed after being risk listed by Sasol, removed/ dismissed for previous misconduct while on a Sasol Site, Sasol reserves its rights to request the removal of such Employee, subject to fair procedures.

32 Disciplinary and Grievance Procedure

- 32.1 The Suppliers shall ensure that it and its Suppliers' Contractors have a Disciplinary Code and Grievance Procedure in place.
- 32.2 The Suppliers' must be prepared to present these documents to Sasol IRM IR prior to commencing with work on Site.
- 32.3 It is highly recommended that the Suppliers and Suppliers' Contractors' disciplinary code, with specific reference to the sanctions for misconduct, is aligned with the Sasol Disciplinary code for the duration of the Employees working time on a Sasol Site.
- 32.4 All Suppliers and Suppliers' Contractors must ensure that their workforce is familiar with their relevant Disciplinary and Grievance Procedure. It remains the Suppliers responsibility to apply their procedures consistently.
- 32.5 Suppliers should manage their human resources activities and processes at their local offices situated within the local municipal area. This includes disciplinary and grievance enquiries, hearings, and dispute meetings.

33 Temporary Employment Service to Sasol

Suppliers and Supplier's Contractors may not provide any "Temporary Employment Service" as defined in section 198 or 198A of the Labour Relations Act, 66 of 1995 to SASOL and the Supplier may not provide any of its employees to SASOL to perform work under the control and supervision of Sasol, unless the Supplier has an explicit Commercial contract with Sasol which allows the Supplier to supply Temporary Employment Services to Sasol via the Sasol Supply Chain Services IRM TES department.

Sasol shall be indemnified against any claim or liability of whatsoever nature of its employees or potentially deemed employees against Sasol. This requirement is also stipulated in the Sasol commercial agreement with Suppliers and non-compliance will be regarded as breach of contract.

34 General Code of Conduct

Suppliers and Suppliers' Contractors are referred to the Sasol website: www.sasol.com for the Sasol Code of Conduct as well as the Sasol Supplier Code. Copies of the relevant applicable policies, procedures, preformat documents and related documents can on request be obtainable from the IRM IR office.
